

Amplified Intelligence

The BERG AI Summit

Moving at the speed of thought.

JUNE 27, 2026 · SQUARESPACE HQ, NYC

Catalyzing the AI-native workforce of the future.

150+ 50+

professionals in attendance

companies represented

1

MISSION: future-proofing
the careers of BERG
community members

AI is moving at the speed of light. We can move at the speed of thought.

WHY NOW

AI-fluency is the baseline.

AI is reshaping every job function, disrupting some, collapsing others, expanding the rest.

Economic mobility now depends on professionals committing to becoming AI-native.

Those most fluent in AI will drive organizational transformation, and peer-to-peer learning is one of the fastest paths to that fluency.

BERG is making sure our community is on the right side of the future job market.

WHAT BERG IS

BERG unites professionals committed to providing connection, professional development, and economic empowerment for each other.

A network of professionals from 50+ companies, including Amazon, NBA, PepsiCo, Fortune, Disney, and Squarespace, with diverse representation across business functions and levels.

Active programming: panels, fireside chats, and networking events aligned with our pillars of connection, professional development, and economic empowerment.

Recent activations: "Do The Right Thing: Financial Fluency Demystified" with Betterment, and "From Connection to Collection" with the Whitney Museum.

Amplified Intelligence.

Moving at the speed of thought.

A full day at Squarespace HQ · June 27, 2026

BERG[®]
COLLECTIVE

THE PROGRAM

A full day of immersive programming for everyone committed to being AI-native.

10:00	Registration

16:00	Keynote: Moving at the Speed of Thought
17:00	Closing Ceremony. Peer celebration and prizes
17:30	Reception & Afterparty (Location TBD)

THE ROOM

Entrepreneurs. Intrapreneurs. Influential leaders.

- Functional experts across industry verticals
- ICs, managers, and senior leaders
- From AI curious to AI catalyst
- Peers committed to closing the AI fluency gap together

BE INVESTED

Four ways to get involved.

01 **Thought Leadership**

Have your AI-native thought leader drive a workshop or fireside chat in front of peers from 50+ companies.

02 **Mission Alignment**

Be the obvious choice for AI-native builders. Get your product or platform in their hands during workshops.

03 **Talent Acquisition**

Direct access to a talent pool with functional and level diversity, committed to being ready for the workforce of the future.

04 **Brand Reach**

Ensure your brand gets credit for being invested in developing a future-proof workforce, to our community of over 10,000 members.

TITLE SPONSOR
